FOR IMMEDIATE RELEASE – March 5, 2014

U•Konserve® Announces Two New Collections: Glass with Silicone and Neon

SAN FRANCISCO, CA (March 5, 2014) – U•Konserve announced today the summer release of 17 new safe and reusable food-storage products. The two new sustainably designed collections support the company's commitment to provide the entire family with environmentally friendly, non-toxic and durable options. The new lines include:

- **Glass with Silicone Sleeve Collection—six new glass products with a functional silicone sleeve design**
Leak-proof and free of harmful chemicals, the new food-storage containers and beverage bottles will be available late-summer 2014. Safe in the microwave and dishwasher, the glass/silicone pair is the ultimate in clean, functional food storage. New durable glass lets you see the contents inside, and silicone sleeves allow for better gripping and help prevent breakage.
- **Neon Collection—eleven best sellers, now with a neon twist**
Available mid-summer 2014, the Neon Collection will include 16-oz. leak-proof stainless steel containers, 16-oz. insulated food jars, reusable snack bags, and sustainable bamboo utensils. In addition to seeking long-lasting products that are beneficial to their health as well as the environment, customers seek out U•Konserve for colorful, stylish options. Now they'll be able to mix and match the most popular products with bright and bold Neon Pink, Neon Orange and Neon Green.

About U•Konserve®

U•Konserve offers a complete line of quality, safe and reusable food-storage solutions designed to eliminate waste generated by single-use disposable food packaging. Products include leak-proof stainless steel containers and bottles, recycled lunch totes and ice packs, reusable snack bags and sandwich wraps, and waste-free accessories. The non-toxic and durable products make ideal food storage for school lunches, work, travel, picnics, takeout, salad bars, refrigerator storage for leftovers, and more. All products are free of BPA, phthalates, PVC and lead.

###

The complete line of U•Konserve® reusable food-storage solutions for adults and children can be purchased at www.ukonserve.com, and at retailers in the U.S. and internationally.
